

Privacy Policy of the Saro App

Effective Date: 30.01.2025

The Saro app (hereinafter referred to as the "App") respects your privacy and is committed to protecting your personal data. This Privacy Policy describes what data is collected in the App, how it is used, and what measures are taken to ensure its security.

1. Data Collection and Usage

1.1. What Data Do We Collect?

The Saro app operates offline and does not transmit your financial data to external servers. All financial data entered by the user is stored only on the device. We do not transmit any personal data, including:

- Income and expense information;
- Financial goals and budgets;
- Debt obligations;
- Transaction statistics;
- Multi-currency accounts and transfers.

1.2. Collection of Technical Data (Crashes and Errors)

To improve stability and identify errors in the App, we use Sentry – a service for collecting crash reports (crash logs). This service may automatically collect the following data in the event of an error:

- Device type and operating system;
- App version;
- Technical error logs (excluding personal data).

This data does not contain financial information, personal data, or other confidential details. It is used solely for debugging and improving the App's quality.

1.3. Permissions Requested by the App

The App may request access to the following device functions for proper operation:

- Storage – to save data locally on the device.
- Widgets – for quick transaction entry from the home screen.

We do not use this data for analytics or third-party sharing.

2. Data Storage

All data entered by the user is stored locally on the device. We do not have access to this data and do not transmit it to external servers.

To ensure data safety, we recommend periodically creating manual backups or using the built-in backup tools of the device.

3. Data Security

We take measures to protect your data; however, the responsibility for data security lies with the user, as the data is stored locally. For additional protection, we recommend:

- Enabling device screen lock;
- Regularly backing up data;
- Safeguarding passwords securely (if applicable).

4. Changes to the Privacy Policy

We may update this Policy periodically. If changes occur, the new version will be available in the App or on the official website.

5. Contact Information

If you have any questions regarding this Privacy Policy, please contact us:
